

Medical Oncologist

BC Cancer – Surrey Centre
Permanent Full Time (1.0 FTE)
Surrey, BC

BC Cancer is one of the world's renowned cancer organizations. The Surrey Centre, located in Surrey, BC, offers a full range of services in Medical Oncology, Radiation Oncology, Palliative care and support services such as Nutrition, Clinical Trials and Patient and Family Counseling. Our department has a current staff of 19 Medical Oncologists.

Surrey is located 30 kilometres from downtown Vancouver and offers ready access to all the recreational and cultural activities that the Greater Vancouver area has to offer. Join our dynamic and innovative family of health care practitioners in British Columbia, and enjoy Canada's West Coast Lifestyle with this unique opportunity.

As a Medical Oncologist you will use your extensive experience and qualifications to provide oncology consultation, patient care, teaching, and research with a focus on gastrointestinal and breast cancers. Clinical experience in the management of gastrointestinal and breast malignancies is highly desirable. You have obtained or are working towards Fellowship standing in the Royal College of Physicians & Surgeons of Canada in Internal Medicine, along with a certificate of Special Competence in Medical Oncology. You must also be eligible for licensing with the College of Physicians & Surgeons of British Columbia and meet the requirements of credentialing by the Professional Advisory Committee of BC Cancer. In addition, you should be eligible for a clinical appointment in the Division of Medical Oncology in the Department of Medicine at the University of British Columbia. You **must** be eligible for a valid license to practice medicine in Canada to apply.

To apply, please send a letter expressing your interest along with your curriculum vitae to:

Dr. Sylvie Bourque
Department Head, Medical Oncology
BC Cancer, Surrey
sylvie.bourque@bccancer.bc.ca

Applications will be reviewed immediately and the positions will remain open until it is filled

For more information about BC Cancer, please visit the website at: www.bccancer.bc.ca

BC Cancer is committed to reducing the incidence of cancer, reducing the mortality from cancer, and improving the quality of life of those living with cancer. BC Cancer provides a comprehensive cancer control program for the people of British Columbia in partnership with regional health authorities to deliver a range of cancer services, which include prevention, screening and early detection, diagnosis and treatment, research, education, supportive care, rehabilitation and palliative care. It operates six regional cancer centres in Surrey, Kelowna, Vancouver, Victoria, Abbotsford and Prince George, along with two research centres that conduct research into the causes and cures for cancer.

BC Cancer is part of the **Provincial Health Services Authority (PHSA)** which plans, manages and evaluates specialty and province-wide health care services across BC. ***PHSA embodies values that reflect a commitment to excellence. These include: Respect people • Be compassionate • Dare to innovate • Cultivate partnerships • Serve with purpose.***

The PHSA is committed to employment equity and diversity and hires on the basis of merit. We welcome applications from all qualified individuals, including visible minority group members, women, Aboriginal persons, persons with disabilities, persons of any sexual orientation or gender identity. Citizens and permanent residents of Canada will be given priority.

For more information on all that the PHSA has to offer, please visit: <http://jobs.phsa.ca>
