

# BEST OF ASCO<sup>®</sup>

# MONTREAL

# CONFERENCE 2026

**Wednesday, June 17, 2026 | In Person**  
Hyatt Place Montreal - Downtown, Montreal, QC

**Chaired by Dr. Jamil Asselah and Dr. Nathalie Daaboul**, this in-person evening brings together Montreal and Quebec's oncology community for a focused, high-yield program where the data meets real-world Quebec practice.

This is not another abstract review. Our faculty will spotlight the studies most likely to change patient care, debate the controversies behind the headlines, and translate ASCO<sup>®</sup> 2026 into decisions you can act on immediately.

It's also a rare chance for our oncology community to reconnect in person, exchange perspectives, challenge each other's thinking, and leave better equipped to care for our patients.

## Learning Objectives

1. Identify the most important treatment advances presented at the 2026 ASCO<sup>®</sup> Annual Meeting.
2. Understand how new data may influence current standards of care across key malignancies.
3. Discuss controversies and evolving strategies in cancer management.
4. Translate major ASCO<sup>®</sup> findings into practical decisions for real-world patient care.

## Registration

Physicians

Nurses/Pharmacists/ Allied Healthcare Providers/  
Residents/Trainees

## Rates (CAD)

\$45

\$25
