

BEST OF GU & GI CANCERS

Conference 2026

Friday, April 17, 2026 | Virtual

Chaired by **Dr. Sébastien Hotte** and **Dr. Elena Elimova**, the Best of GU & GI Cancers Conference 2026, will deliver a curated overview of the most impactful data and clinical insights from the ASCO® Genitourinary and Gastrointestinal Cancers Symposia. Designed for medical oncologists and multidisciplinary cancer care professionals, this virtual conference will highlight the latest advancements in treatment and explore evidence-based, solution-oriented approaches to enhance patient care in the Canadian context. Featuring expert-led sessions across major disease sites, the agenda will showcase distinguished faculty comprising some of Canada's foremost oncology leaders.

Learning Objectives

1. Analyze pivotal clinical trials and research updates presented across genitourinary and gastrointestinal cancer disease sites.
2. Review current standards of care for key malignancies, including emerging therapies and evolving treatment strategies.
3. Evaluate ongoing controversies and challenges in the management of GU and GI cancers to inform evidence-based clinical decision-making.
