

Clinical Associate

Division of Hematology/Oncology, Department of Medicine, St. Michael's Hospital

St. Michael's Hospital is seeking a general Hematologist for a minimum 12 month period (starting on July 1, 2023, or earlier or shortly thereafter). This position will support the current in- and out-patient demands in non-malignant/classical/complex hematology as well as some malignant hematology.

Clinical activities will include three half-day clinics per week as well as consultation for in-hospital patients, attending on the in-patient consult service and participating in the weekend on-call rotation schedule as well as covering for the inpatient hematology-oncology ward when necessary. There will also be opportunities to participate in undergraduate, ambulatory clerkship, and postgraduate teaching in conjunction with the clinical work.

The successful candidate will report to the Head, Division of Hematology/Oncology at St. Michael's Hospital. The successful candidate will hold an MD degree and should have, or be eligible for, certification in Hematology by the Royal College of Physicians and Surgeons of Canada and licensure with the College of Physicians and Surgeons of Ontario (CPSO).

Applications will be accepted until April 17, 2023. Should you be interested in this opportunity, please forward a one-page statement of interest, curriculum vitae and the names and contact information of three referees to:

Dr. Sharon Straus, Physician-in-Chief
c/o Julia Stratta, DOM recruitment coordinator
St. Michael's Hospital
30 Bond Street, 1-420 Bond Wing
Toronto, Ontario M5B 1W8

St. Michael's Hospital is part of Unity Health Toronto, the network of Providence, St. Joseph's and St. Michael's Healthcare. St. Michael's is a teaching and research hospital founded by the Sisters of St. Joseph in 1892 to care for the sick and poor of Toronto's inner city. Affectionately known as the Urban Angel, St. Michael's is renowned for providing exceptional patient care. As downtown Toronto's adult trauma centre, the hospital is a hub for neurosurgery, complex cardiac and cardiovascular care, therapeutic endoscopy, minimally invasive surgery and care of the homeless and disadvantaged. St. Michael's is also one of the province's major sites of care for critically ill patients. Fully affiliated with the University of Toronto, St. Michael's provides outstanding medical education to health-care professionals in more than 23 academic disciplines. Home to the Li Ka Shing Knowledge Institute, made up of the Keenan Research Centre and the Li Ka Shing International Healthcare Education Centre, the hospital integrates researchers, educators and clinicians to advance patient care.
