

Best of Hematology Conference 2025

Friday, January 10, 2025 | Regional Hybrid
InterContinental Toronto Centre, Toronto, ON

Chaired by Dr. Martina Trinkaus and Dr. Matthew Seftel, the Best of Hematology Conference 2025 promises to be an exceptional event focused on summarizing the most significant advancements in the treatment of hematological malignancies from the past year. Attendees can expect insights from leading oncologists and a comprehensive review of the latest breakthroughs presented at major international conferences in 2024. This exclusive event will be a prime opportunity for networking and staying at the forefront of hematology research and practice.

Learning Objectives

1. An in-depth discussion of the most influential oncology trials presented in 2024 across various disease sites, highlighting key findings and their implications for clinical practice.
2. A comprehensive review of the up-to-date standard treatment protocols for major hematological malignancies, ensuring that attendees are informed about the best practices and therapeutic options available.
3. Discussion of the current controversies in the management of specific hematological cancers.
