

Best of Hematology Conference 2026

Friday, January 9, 2026 | Regional Hybrid
InterContinental Toronto | Toronto, ON

Chaired by Dr. Martina Trinkaus and Dr. Matthew Seftel, the Best of Hematology Conference 2026 will deliver a high-impact overview of the most important developments in the management of hematological malignancies over the past year. This focused event will feature expert-led presentations and offer a curated review of key data and clinical insights from major international meetings in 2025. Designed for hematology professionals, the conference offers an exceptional opportunity to engage with peers, stay current on crucial updates, and remain at the forefront of hematology research and clinical practice.

Learning Objectives

1. Analyze the most impactful oncology trials of 2025 across multiple disease sites, with a focus on key findings and relevance to clinical practice.
2. Review current standard-of-care treatment protocols for major hematologic malignancies, emphasizing evidence-based best practices and therapeutic advancements.
3. Explore contemporary controversies and evolving perspectives in the management of select hematologic cancers.
