

BEST OF BREAST CANCER

Conference 2026

#BOBC26

Friday, February 6, 2026 | Regional Hybrid
Vantage Venues, Toronto, ON

Join us for the Best of Breast 2026: Highlights from San Antonio, chaired by Dr. Christine Brezden-Masley and Dr. David Cescon, as we explore the most significant advances in breast cancer research and treatment presented throughout 2025. This premier event will feature expert-led presentations and in-depth discussions highlighting practice-changing data, evolving treatment paradigms, and emerging trends. Designed for Canadian oncology professionals, the conference aims to translate the latest global evidence into meaningful improvements in patient care across the country.

Learning Objectives

1. Summarize pivotal clinical trial data from 2025, including highlights from San Antonio, and discuss their implications for breast cancer management in Canadian clinical practice.
2. Review the latest advancements and strategies in breast cancer pathology, radiation therapy, and surgical management.
3. Identify and apply evidence-based approaches to optimize the standard of care for patients with breast cancer.
