

BEST OF HEMATOLOGY

CONFERENCE 2027

Friday, January 15, 2027
REGIONAL HYBRID

Chaired by Dr. Martina Trinkaus and Dr. Matthew Seftel, the Best of Hematology Conference 2027 will deliver a high-impact overview of the most important developments in the management of hematological malignancies over the past year. This focused event will feature expert-led presentations by leading oncologists and offer a curated review of key data and clinical insights from major international meetings in 2026. Designed for hematology professionals, the conference offers an exceptional opportunity to engage with peers, stay current with valuable updates, and remain at the forefront of hematology research and clinical practice.

LEARNING OBJECTIVES

- 1 Analyze** the most impactful oncology trials of 2026 across multiple disease sites, with a focus on key findings and their relevance to clinical practice.
- 2 Review** current standard-of-care treatment protocols for major hematologic malignancies, emphasizing evidence-based best practices and therapeutic advancements.
- 3 Explore** contemporary controversies and evolving perspectives in the management of select hematologic cancers.
